Thank you for caring about those in need, your generous donation allows us to continue to help so many people. Thank you for your donation and please consider the following guidelines for your donation. Unfortunately, due to recycling laws, and limited storage space SVDP is no longer able to accept all donations.

- SVDP's trained drivers have the responsibility and discretion to say "no" to items. Since it is not possible to view the merchandise before the pick up, SVDP asks you to accept their decisions.
- Small appliances and electrical items must be in good working condition.
- Televisions, microwaves, refrigerators and air conditioners must be plugged in so the drivers can check if they are working.
- Upholstered furniture and mattresses: no stains, rips, broken springs or PET HAIR.
- If you need to leave your items outside please cover them with tarp or plastic or leave them in a protected area. If the items are wet the driver cannot take them.
- If you have loose pets they must be restrained at time of pick up.
- Please make sure everything is packed up and ready to go when we get there, and anything that needs to be disassembled also needs to be done before we get there.
- We also do not take off doors, or remove light fixtures. The drivers do not carry any tools.
- We do not pick up in attics or basements and the highest floor we pick up from is the 2nd floor if there is no elevator.
- In winter months please make sure the path for the drivers has been shoveled & salted.
